AT HOME NEWS.

Another one of those million-dollar-wheat snowfalls in Kansas today.

The publicity committee of the Topeka Commercial club met at noon today.

The Rev. G. K. Hartman will speak at the First United Brethren church tonight on "The Great Change."

In a headline the Washburn Review speaks of the basketball five of the State Agricultural college as the "cow team."

H. C. Pribble, general claim agent of the Santa Fe railway, is expected home this week after a ten day trip to California.

Six moving vans were stuck in the mud at one time in Auburndale recently. The streets are knee deep in mud. They should have been graded.

The Rev. W. M. Balch of the Lowman Methodist church has charge of five Y. M. C. A. religious services this morning at Topeka business establishments.

One conversion was made at the revival services being held at the First United Brethren church. Tonight's subject will be "The Great Change."

The Ladies' Auxiliary to the local Letter Carriers' association will give an entertainment Thursday evening at Lincoln Post hall for their husbands and families.

F. W. Brinkerhoff, managing editor of the Pittsburg Headlight, is a Topeka visitor today. He admits his visit is synonymous with "lobby" at the legislature.

The Ladies' Aid society of the First German Methodist church will be entertained Thursday afternoon beginning at 2:30 o'clock by Mrs. George Seybold, 904 Quincy street.

A W. C. T. U. meeting will be held Thursday afternoon at 2:30 o'clock at the home of Mrs. Mary Parsons, 1012 Morris avenue. Mrs. Lottie Case will have charge of the program. The meeting will be open to the public.

For selling milk alleged to be deficient in solids and butter fat, a warrant has been issued for the arrest of W. H. Coffman, living on rural route No. 8. The complaint was sworn to by Dr. L. W. Rowles, city milk inspector.

The Topeka Provident association assisted in sending a family to Arizona today. The mother is a tuberculosis victim. She was in Arizona at one time and the climate agreed with her. The family has lived in Topeka for two years.

Mrs. S. F. Malone, president of the colored Florence Crittenton home, has been appointed a policeman by R. L. Coffman, mayor. The mayor says the appointment of the colored woman is not permanent and is for special work among the colored people.

H. H. Pugh of the Beatrice Creamery company will read a paper on the city business before the members of the Topeka Rotary club a week from today at the U. C. T. hall. S. C. Pettit will give a brief sketch of the life of Mr. Pugh. D. O. Coe will give a Rotary talk.

W. A. Lewis, president of the Hays Normal school, will speak before the members of the January 15 class of the high school at commencement, the evening of March 11 on "Education and Citizenship." The school glee club and orchestra will participate in the graduation exercises at the Auditorium.

Rev. Otis D. Crawford, formerly a California evangelist, but now a resident of Topeka, will speak at the Salvation Army hall, Sunday evening, March 7, at 8 o'clock. His subject will be, "Who Was My Leader?"

Rev. Crawford is highly recommended by the Topeka clergy as a convincing speaker.

At Topeka people do not go around saying, "How is the wheat crop in western Kansas?" or "When do you think the war will end?" or "What do you think of Jay House's candidacy for mayor?" The common form of salutation at the capital city when the legislature is in session is, "How is the wheat crop?"

It has been several seasons since the roads have been in worse condition than is the case in the vicinity of Topeka at the present time. Precipitation has been abnormal heavy since the first of the year. As soon as the highways begin to dry the road drags will be used extensively and a large amount of work will be done to put the roads in good shape for the summer traffic.

The roads leading west from Topeka on Seventeenth and Twenty-second streets are nearly impassable as they have ever been in their history. Complaints are made that their conditions are the results on the part of the board of county commissioners to make them better. They were covered with clay of the kind which has proven satisfactory on many other roads, but the substance became soaked with water before it had packed.

The San Antonio Express has the following to say concerning a former Washburn college student: "Frank W. Ryan, professor of English at Peacock Military college, is one of San Antonio's successful composers of music. Mr. Ryan is director of the Peacock Military college orchestra and Glee club. He has charge of the chorus of twenty-four cadets, who sang their college song at the 'Made in San Antonio' concert. The college literary societies, Phi Sigma and Delta Pi, are also under his supervision."

IN NORTH TOPEKA IN HIGHLAND PARK

Grant Parent-Teachers Elect Officers.

A. M. Fuller Will Be in Charge of Postoffice.

Booster Club Responsible for Civic Spirit and Growth.

The first Highland Park directory issued by the Highland Park Booster club is a neat publication just off the press containing the names of 593 persons.

The Highland Park Booster club is a live organization established a year ago. In 1914 a "Tin Can Day" was declared and the district cleared of all rubbish. A tree trimming campaign was launched, and through the instrumentality of the club the old street signs were painted and new ones placed.

The new directory has the following to say concerning the club and its objects: "The Highland Park Booster club was organized one year ago, for the purpose of providing entertainments, lectures, debates, etc. Also to promote the educational advantages of the school district, to encourage public and private improvements, to extend a friendly welcome to 11 new comers who intend to locate in Highland Park, to help anyone who is sick or in distress; in short, to this part of Shawnee county the best neighborhood in which to live."

A new Methodist church is being erected in Highland Park at a cost of \$4,000. The Krazy Krats club is an organization of Highland Park young people. While it is essentially a social organization, it also stands for the improvement of the community.

The Chaitos club is an outgrowth of a former organization, the Mite society. It was a charity and social organization. With the desire of the ladies to add a literary program in connection with the meetings the club was reorganized. The new name was coined from the first syllables of the three words—charity, literary and social. Highland Park is proud of her school facilities.

Changes in Postoffice.

Some time before the 10th of March North Topeka will have a new superintendent in the postoffice. Word was received Tuesday afternoon of the proposed change.

A. E. Robinson, who has been in the North Topeka postoffice for the last eighteen years, has been promoted to foreman of the registering department of the Topeka postoffice. Mr. Robinson is well known in North Topeka and is an enthusiastic member of the Christian church.

Captain A. M. Fuller, the present assistant postmaster, will be superintendant in the North Topeka postoffice.

Robert C. Caldwell, who has been appointed assistant postmaster of Topeka, is well known in North Topeka, having lived here a number of years before moving to the South side.

Notes and Personals.

The Ladies' Aid society of West Indianapolis will give a social tonight in the West Indianapolis school house.
